

DEPARTMENT OF NATURAL RESOURCES

August 3, 2006

Dear Generator:

The enclosed invoice is for the 2006 Registration Renewal Fee.

During the 2005 legislative session, the Missouri General Assembly made some significant changes to the hazardous waste fee structure through the passage of Senate Bill 225, which was signed into law.

The invoice sent to you in November 2005 reflected the fee for hazardous waste generation under this new structure. The fees were assessed on hazardous waste your company generated and/or managed on-site during the period July 1, 2004, through June 30, 2005, based on the summary reports submitted to the Hazardous Waste Program.

However, the annual Registration Renewal Fee was not included in the invoice sent to you in November of 2005 as it normally had been. After Senate Bill 225 became law, the Missouri Department of Natural Resources was unsure if it should continue to collect the annual Registration Renewal Fee and did not send the registration renewal fee invoices for the 2006 calendar year. During the 2006 legislative session, the department sought clarification and determined the annual Registration Renewal Fee continues to be included in the law. The department is required to collect the renewal fee.

Your invoice for the Registration Renewal Fee is enclosed. This fee is for the 2006 calendar year. Payment is due by September 15, 2006.

If you have any questions, please call John Beard at (573) 751-4566 or Mary Williams at (573) 751-2919. Any written correspondence should be addressed to the Hazardous Waste Program, P.O. Box 176, Jefferson City, MO 65102.

Sincerely,

HAZARDOUS WASTE PROGRAM

(original signed by Andrea Kliethermes)
